Summer Reading
Kindergarten

Below you will find the summer reading book list for 2015-2016 incoming kindergarten students. Parents, if your incoming kindergarten student is not reading independently, please assist them by reading their book selection aloud. It is recommended that you read the book several times over the summer. Each time you read the story help your child to notice letters, sounds, words, pictures. Talk about the author and the characters in the story. Point out the illustrations and discuss the relationship with the story. Try to link features in the story to other stories or events. You could even have your child complete a project based on the story you are reading.
